

Rotary Club of Canvey Island

Dictionary 4 Life Project - Testimonial!

The dictionaries are still taking off here on Canvey Island with another Junior school wishing to join in. It not only wants to join in but has undertaken a non uniform day to raise funds for a Shelter Box.

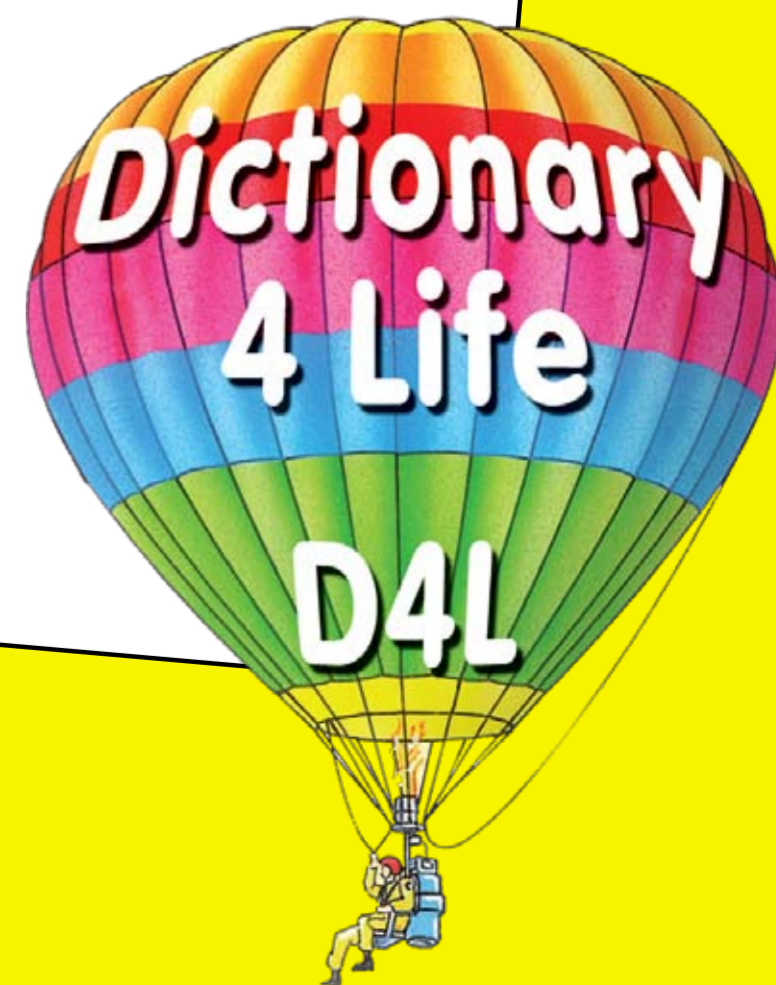

As a result of the Dictionary for Life project our club has been able to reach out to the schools with other projects. D4L has really paid dividends!

With our new contacts when something like the Haiti Disaster occurred we went into the schools to talk to the children who are already very aware of Rotary and what we do.

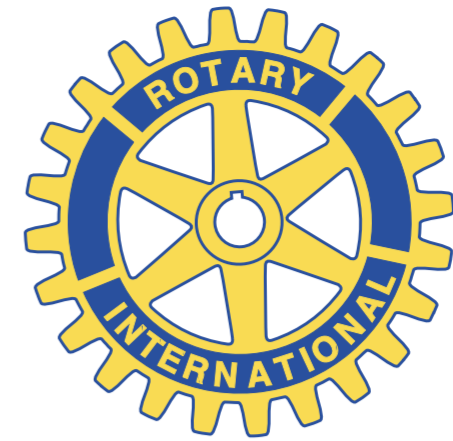

Another benefit for our club has been interest in membership from members of the schools and shortly we hope to induct a new member.

We would encourage all clubs to look at the benefits of providing the Dictionaries, not only as an educational aid but also as a powerful communications' tool giving us the opportunity to keep in contact with our schools.
